PROFESSIONAL SUMMARY

Detail-oriented IT Programmer and Master's graduate specializing in bridging the gap between advanced analytical research and robust, production-ready software solutions. Experienced in spearheading full-stack development using Laravel, Python, and integrating heavy-duty relational databases (IBM DB2, SQL Server). Adept at building scalable infrastructure, automated approval workflows, and data-driven dashboards. A fast learner with strong systems-thinking and collaborative communication skills, honed through leadership roles in technical team environments.

TECHNICAL SKILLS

- | | |
|--------------------------|---------|
| • Python | • IoT |
| • Matlab | • MYSQL |
| • Crystal Report (I-net) | • PHP |
| • SQL SERVER | • DB2 |

EDUCATION

ATMAJAYA CATHOLIC UNIVERSITY

Master of Electrical Engineering

2024 - 2026

GPA: 4.0

TELKOM UNIVERSITY

Bachelor of Telecommunication Engineering,

2019 - 2023

GPA: 3.73

PROFESSIONAL EXPERIENCE
